100%	x	100%	=	100%
100%	x	0%	=	0%
0%	x	100%	=	0%
50%	x	100%	=	50%
50%	x	50%	=	25%

The Simple View of Reading formula demonstrates that Reading Comprehension (RC) is a product of Decoding (D) and Language Comprehension (LC).

*When D and/or LC are weak, RC will be weak.*
